Subject : Monsanto Project 3808
South Trunk Sewer
JSA Job #8434

Reference: JSA Letter dated August 21, 1985

Gentlemen:

It is agreed that we will accept the charges involved in the false attempt to water blast Manhole 1-BB because of Monsanto's inability to provide the required water supply on Wednesday, August 21, 1985.

Charges for this work will be accumulated on CF0-2-25.

However, we are in complete disagreement that this incident will cause a delay and effect the complete of the project. This work is not on the critical path.
